650 Ponce de León Avenue, Suite 300, Atlanta, GA 30308

678-667-1749 • [naturallynatashaconsulting.com](http://naturallynatashaconsulting.com)

*Where Clinical Precision Meets Strategic Jurisprudence.*

---

## Professional Credentials & Qualifications

*Natasha Nicole Davis, DNP, MSN, RN — Founder & Principal Consultant*

Every medical record tells a story, but navigating the massive disconnect between front-line clinical practice and high-level corporate oversight requires a very specific lens.

Built on a fifteen-year healthcare foundation, Dr. Davis has operated at the highest levels of patient care and administrative compliance — from the high-acuity environment of the Intensive Care Unit (ICU) to the complex internal mechanisms of leading managed care networks and utilization review organizations.

Working deeply within corporate insurance systems, she gained something most consultants never have: she learned to speak their language. Dr. Davis mastered the exact MCG and InterQual criteria, internal compliance guidelines, and administrative metrics that corporate entities use to approve, deny, or evaluate care.

*Naturally Natasha™ Consulting bridges the gap between clinical complexity and legal analysis — combining real-world ICU forensic instincts with corporate insider compliance knowledge to offer attorneys and insurance organizations unassailable, data-driven file clarity.*

---

## KEY QUALIFICATIONS & ELITE COMPETENCIES

### Doctoral Academic Authority

Holds a Doctor of Nursing Practice (DNP) in Population Health Leadership, providing the advanced evidence-based analytical framework required to match peer-to-peer physician documentation with precision.

### Critical Care Acumen

Extensive front-line ICU experience managing multi-system organ failure, complex pharmacology, and rigorous acute care standard-of-care protocols.

### Managed Care Insider

Hardwired expertise in Utilization Review and case management within major healthcare networks, with comprehensive mastery of MCG and InterQual medical necessity criteria.

### Defense-Minded Investigator

Significant background in occupational health and workers' compensation defense reviews, specialized in identifying pre-existing factors, treatment variances, and liability exposure. Deposition and litigation experienced.
